

HOW WE HANDLE YOUR FEEDBACK AND INFORMATION

We work hard to encourage and demonstrate transparency. All information and content provided by SSEN Distribution today can be shared with others.

We will provide updates on how we have acted on previous feedback and we will consistently communicate engagement outputs and provide justification for any decisions and actions that we will or will not carry forward.

Throughout the session we will be taking detailed notes of any comments or feedback. This will help us ensure any actions taken as a result of this workshop are based on accurate feedback.

We may publish your feedback in future reports or publications however this will be anonymised. We will describe the origin of feedback using broad categories, such as “Local Authority officer” or “Landowner”.

Thank you in advance for your honest feedback and constructive participation.
