Subject: Application for New Connection - Job reference number [REDACTED]

Good afternoon,

Thank you for your e-mail.

We have all the information we require to progress your application for a **New Connection** under job reference number [REDACTED]. I have sent your details to your Local Connections Quoter who will provide you with your quotation.

It is important to note: We install the service cable and the cut-out fuse only. We are unable to fit your electricity meter. Once you have received your Meter Point Administration Number, please contact your chosen electricity supplier to arrange for the installation of your electricity meter. You will also need to contact a private electrician to carry out the internal wiring at your premise. Click [here](#) for more information.

Please find attached a copy of your site boundary, if this boundary does not cover your full site, please advise us as soon as possible so you receive the most accurate quotation.

On your application you have marked it will be yourselves paying for the job. If this has since changed or is incorrect, please can you let us know as we are not able to accept a payment from a third party without your consent.

Please be aware that Connection Offer Expenses, where applicable, will be due to be paid for the provision of this Connection Offer. Where applicable this will be payable even if you do not wish to accept your Connection Offer. If you cancel your applications within 14 days, you will not be liable for any Connection Offer Expenses. However, where applicable, if you cancel after this point you will be required to pay the full amount. For further information on Connection Offer Expenses, including where charges are applicable, you can find our Connection Offer Expenses user guide [here](#).

For any future requests you can apply online at www.ssen.co.uk/our-services/ or by telephone on 0800 048 3516.

Kind regards,

[REDACTED]
